JOB DESCRIPTION

TITLE
Instructional Accessibility Designer

JOB SUMMARY

Primary responsibilities include providing central oversight, technical leadership, and guidance to support TWU’s academic components in the creation of accessible online learning objects and course content. This position serves as the intellectual lead to collaborate with faculty and academic component leadership at the University to manage the accessible design process, sets standards for faculty, and develops learning resources to ensure the University's overall quality plan for instruction is being met. This position provides assistance in the development and remediation of course materials that meet the University’s, state and federal accessibility standards; oversees training and support of faculty and staff in the area of online accessibility; conducts accessibility reviews of online and hybrid courses. Balances daily work, professional development material, and project management simultaneously. Work is performed under minimal administrative supervision with evaluation based on the effective operations of the office and goals obtained. The performance evaluation is conducted through the performance evaluation system and in accordance with the University Policies and Procedures.

• Ability to develop accessible web-based resources for teaching and learning.
• Ability to organize work effectively, conceptualize and prioritize objectives and exercise independent judgment.
• Ability to integrate resources, policies, and information for the determinant of procedures, solutions, and other outcomes.
• Ability to effectively balance multiple tasks.
• Ability to learn quickly, research and implement new technology and development tools.
• Ability to gather, interpret and document business requirements.
• Ability to identify technical problems, make recommendations, develop solutions, and complete technical projects.
• Ability to operate on independent judgement based on an understanding of organizational policies and procedures.
• Ability to deal with ambiguity and fast-paced change.
• Ability to use a personal computer and other office equipment, including related university software and email.

PHYSICAL DEMANDS

The physical demands described in the Essential Duties and below are representative of those that must be met by an employee to successfully perform the essential duties of this job. Reasonable accommodations may be made to enable individuals with disabilities to perform the essential duties.

The employee may be required to travel. The employee may be required to lift up to 20 pounds.

WORK ENVIRONMENT

All employees are responsible for maintaining an environment that is free from discrimination, intimidation, harassment, including sexual harassment. Work is normally performed in a typical interior work environment.

SAFETY

TWU promotes a safe working environment. Employees are responsible for completing assigned tasks safely and efficiently, and supervisors are responsible for creating and maintaining a safe work environment. Employees must report any unsafe work conditions or practices, as well as any near-miss incidents, to their supervisor and Risk Management. Supervisors and employees should ensure that injury/accident reports are submitted to the Office of Human Resources and Risk Management within 24 hours of the incident.
The job description does not constitute an employment agreement between the employer and employee and is subject to change by the employer as the needs of the employer and requirements of the job change.
