Interpretation of Salary Rates

Each established salary rate listed is base compensation for full-time service and will include the value of any maintenance if position has (++) noted next to the title; which means emoluments included (i.e., meal plan, and housing). Compensation for part-time work is proportionate to the time worked. FTE (Full Time Equivalency) is determined by calculating the number of hours worked based on a 40 hour workweek. This request must define the position, provide justification for the position, and specify proposed funding. Starting salaries for classified employees will be at the base of the position as established in the Compensation Pay Plan.

RECLASSIFICATION AND/OR REALLOCATION

General Policy

The reassignment of a given position to a different title within the Classified Personnel Group or to a different title within the Professional and Administrative Personnel Group is determined by a job analysis of the duties, level of responsibilities, minimum required qualifications, reporting relationships, compensable work factors, and availability of resources for the position. A reclassification or reallocation of a position is not made so as to fit the qualifications of an individual employee (or group of employees), but rather to reflect the qualifications required for the duties to be performed and the allocation of funds. A written request as well as a completed Job Analysis Questionnaire must be submitted to the Divisional Vice President. All position requests will be reviewed and recommendations made with budget considerations. Generally, a reclassification may be considered if the duties, level of responsibilities, qualifications, and reporting relationships change 30% or greater.

DEFINITION OF TERMS

Reclassification: The reassignment of an existing position to another title within the Classified and P & A Personnel Group.

Reallocation: The reassignment of an existing position from one personnel group to a different personnel group.

If approval for review is obtained at that level, the administrator then submits a Job Analysis Questionnaire to the Office of Human Resources for a job analysis of the position(s). The Job Analysis Questionnaire is available on-line at

<https://servicecenter.twu.edu/TDClient/KB/ArticleDet?ID=38693>

The Office of Human Resources will perform a job analysis and will evaluate and recommend the classification assignment or allocation of the position(s) taking into consideration the following:

- The assigned job duties and responsibilities of the position(s);
- The knowledge, skills and abilities required to perform the duties of the job;
- The degree of supervision received;
- The degree of judgment required;
- The degree of supervision exercised; people responsibility;
- The degree of financial responsibility;
- The decision making responsibility required; impact of decisions/errors

- The degree of physical demands;
- The degree of safety and health of others;
- The relationship of the position(s) to similar positions(s) at the University; and
- The additional funds, if any, required for the change.

The employee occupying the position must meet the minimum qualifications for the reclassified position.

The Office of Human Resources will then make a classification or allocation recommendation to the Divisional Vice President. The Divisional Vice President will review the recommendation of the Office of Human Resources, and indicate approval or disapproval. The Office of Human Resources will then notify the department of the Divisional Vice President decision.

It is the responsibility of the Office of Human Resources to attain the data, interpret the recommendation, recommend reclassification/new position, and enforce compensation policy. Final determination of job descriptions will be approved by the Office of Human Resources.

Approved reclassifications may be randomly selected for a desk audit for audit purposes to confirm changes of reclassification request.

A notification will be sent after review of request notifying end result of job audit.

The Divisional Vice President will remove from any budget request any position reclassification/reallocation request, which has not been previously approved through the above procedure prior to the budget cycle. The Divisional Vice President will also remove from any budget request any request for a new position, which has not been previously reviewed by the Office of Human Resources.

Approval of the reclassification or reallocation of a position does not automatically change the status of the employee occupying the position. To change the status of the employee occupying the position, the administrator must submit a Manager Self-Serve transaction through Oracle Phoenix.

DESK AUDIT

A desk audit is an “interview” by a member of the Compensation team of the Office of Human Resources with the incumbent of the position and their immediate supervisor that has submitted a request for reclassification and the reclassification request needs additional gathering of information.

Approved reclassifications may be randomly selected for a desk audit to confirm changes of reclassification requests.
