JOB DESCRIPTION

TITLE
Manager, Records Retention

JOB SUMMARY

The Records Retention Manager guides the ongoing operations of the University’s records retention and management activities as part of the University Archives. The Records Retention Manager is responsible for carrying out the operational requirements that result from policies and procedures governing the management of university records that exist in both print and digital form. The position proactively supports a culture of high quality records management practices and services across the University ensuring that all work complies with established policies and procedures. The Records Retention Manager delivers organizational benefits and provides staff and units with support, training, and resources aligned with promoting best practices for managing and retaining university records. The Records Retention Manager will implement and support systems and practices that facilitate compliance with the requirements adopted by law under Texas Government code 13, 1.10 and 444.183, the Texas State Libraries and Archives Commission, Open Records Act, and Freedom of Information Act. This position fulfills duties associated with full cycle records retention services including the identification, control, production, distribution, storage, disposition, destruction, and retrieval of all institutional records. This position promotes positioning the University to comply with federal, state, and local requirements and other specifically related legislation. Work is performed under administrative direction and performance is based upon completion of assignments and results obtained. The performance evaluation is conducted through the performance evaluation system in accordance with the University Policies and Procedures.
