JOB DESCRIPTION

TITLE
Support Specialist II

JOB SUMMARY
Provides varied tasks relating to the direct support of end users of information technology systems and services. The support specialist II actively works to troubleshoot problems related to desktop hardware and software; direct users to appropriate information technology services teams for support, development and training; and communicates to the team director end user issues and concerns. The Support Specialist II provides technical assistance to systems engineers in the support of inter-networking systems or provides extensive specialized training. Work is performed under general supervision and performance is based upon completion of assignments and results obtained. The performance evaluation is conducted through the performance evaluation system and in accordance with the University Policies & Procedures.
