JOB DESCRIPTION

TITLE
Manager, Data Systems for My1CV

JOB SUMMARY
The Manager, Data Systems for My1CV will provide services related to Sedona including faculty support and training, system maintenance, and provision of reports. Sedona is a self-service web database application that allows members to maintain their teaching, research, service, experience, development, credentials, and assessment records. The system supports faculty periodic performance review and the scholarly profiles of faculty used by various units across campuses. Work is performed under general supervision and performance is based upon completion of assignments and results obtained. The performance evaluation is conducted through the performance evaluation system and in accordance with the University Policies & Procedures.
