ADDITIONAL DUTIES

• Performs other duties as requested.

EDUCATION

Ph. D. required. Graduate degree in statistics, experimental psychology, computer applications, or related area.

EXPERIENCE

Five years of relevant statistical experience required. Two years proposal writing in research methodology, analysis, and power/sample size experience required. Two years leading research development, staff capabilities, and research and statistical consulting. Extensive experience and understanding of high-level statistical analyses, including logistic and multinominal regression, path analysis, hierarchical linear modeling, linear mixed modeling, factor analysis, cluster analysis, and structural equation modeling.
**REQUIREMENT**

Regular and reliable attendance at the University during regular scheduled days and work hours is an essential function of this position.

**KNOWLEDGE, SKILLS, AND ABILITIES - The following are essential:**

- Working knowledge of office practices and methods.
- Ability to prioritize work based on need and experience of statistical consulting staff.
- Ability to connect research and statistical needs with conceptual framework for feasibility and accuracy.
- Ability to coordinate work with other employees, providing direct instruction or supervision as assigned.
- Ability to organize and delegate work effectively, conceptualize and prioritize objectives and exercise independent judgment based on an understanding of organizational policies and activities.
- Ability to establish and maintain effective work relationships with students, faculty, staff, and the public.
- Ability to communicate effectively orally, by phone, in person, and in writing.
- Ability to represent the department and University in a friendly, courteous, and professional manner.
- Ability to use a personal computer and other office equipment, including related university software and email.

**PHYSICAL DEMANDS**

The physical demands described in the Essential Duties and below are representative of those that must be met by an employee to successfully perform the essential duties of this job. Reasonable accommodations may be made to enable individuals with disabilities to perform the essential duties.

The employee may be required to travel.

**WORK ENVIRONMENT**

All employees are responsible for maintaining an environment that is free from discrimination, intimidation, harassment, including sexual harassment. Work is normally performed in a typical interior work environment.
SAFETY

TWU promotes a safe working environment. Employees are responsible for completing assigned tasks safely and efficiently, and supervisors are responsible for creating and maintaining a safe work environment. Employees must report any unsafe work conditions or practices, as well as any near-miss incidents, to their supervisor and Risk Management. Supervisors and employees should ensure that injury/accident reports are submitted to the Office of Human Resources and Risk Management within 24 hours of the incident.

The job description does not constitute an employment agreement between the employer and employee and is subject to change by the employer as the needs of the employer and requirements of the job change.
